## Nicaragua Standing Firm in Its Defense of the British Lion.

## BRITISH TRADE WILL SUFFER

People sustain the position of the Government—Case of Ex-Consul Walker—Victory For Spanish Troops—Macao's Band Routed.

MANAGUA, April 29.—The commander of the Nicaraguan troops on the mainland of Nicaragua reported at 9 a. m. that the British flag was still floating over the public buildings of Corinto and that the port remained in possession of British warships. Among the Nicaraguan troops and populace the greatest excitement prevails and the feeling against Great Britain is increasing in bitterness every hour. The Nicaraguan troops are still massed along the Paso Cabalo, and it is believed they may open fire on the British should the latter make any attempt to cross from Corinto to the mainland behind it. Steps have been taken to destroy means of communication with the interior should such action be found necessary. The British consulate in this city is under guard, in view of the rioting and stone throwing, which have already occurred, and in anticipation of further trouble. Some of the European consuls here are using their good offices with the government of Nicaragua in an attempt to persuade the latter to submit to Great Britain, pleading in support of their arguments the fact that the United States has determined to remain neutral and that Nicaragua is helpless when opposed to such a power as Great Britain.

Although the Nicaraguan forces oppose Corinto are in communication with the capital, actual telegraphic communication with Corinto remains interrupted, and it is thought likely there will be no attempt to repair the telegraph lines so long as the British remain in possession of the port. In spite of reports to the contrary the people of Nicaragua generally sustain the government in the stand it has taken against Great Britain, and in all probability Nicaragua may eventually be compelled to pay the indemnity demanded. It is believed trade of Great Britain with Nicaragua and other Central American republics will suffer in consequence of the action of the British fleet at Corinto.

## VICTORY FOR SPANISH TROOPS.

Macao's Forces on the Run—Garcia's Band Routed.

HAVANA, April 29.—The government troops under General Salcedo have won a great victory over the insurgents' forces commanded by General Macao. Many of the latter were killed or wounded, and the rest were dispersed and are seeking refuge in the mountains. In addition Garcia's band has been completely routed with great loss in the killed and wounded. Nearly all the remainder of his band surrendered.

## Will Help Walker.

PARIS, April 29.—Ambassador Eustis has received definite instructions from Washington regarding the case of Mr. John C. Walker, now imprisoned in France under a 20-year sentence imposed by a court martial on the ground that he was in communication with the Hovas. Mr. Eustis has verbally and in writing communicated his instructions to the French minister of foreign affairs, M. Hanotaux, but the latter has not yet replied to them. The foregoing would indicate that the United States government has received from Madagascar the report of the United States consul there in regard to Mr. Walker's case, and that the conclusions drawn from it justify such intervention, and that it will possibly result in a fresh joint inquiry.

## Colima Volcano Resumes Business.

GUADALAJARA, April 29.—The Colima volcano is again in a state of eruption, and the inhabitants of the valley at the base of the mountain have been forced to abandon their homes and flee for their lives. The mountain has again begun to destroy the growing crops and much valuable property in that section. The fire which issues from the crater presents a magnificent sight at night.

## Uncle Sam Should Stop It.

HONOLULU, April 29.—Resolutions have been passed by Emmet court demanding that the president of the United States take immediate action to notify Great Britain that she must not under any subterfuge nor technicality persist in occupying any part of Nicaragua. The resolutions will be sent to President Cleveland and the Nicaraguan minister.

## Ringleader Escaped Capture.

SAN FRANCISCO, April 29.—Local officers say that the two green goods men in the Oakland county jail captured by Police Inspector Irwin are John Wise and Frank White, and that they did not capture the ringleader of the gang, McGuire. A trunk full of old fashioned green goods has been captured, but it appears to belong chiefly to McGuire, who was not caught.

## Reported Indian Outbreak Enters.

ST. PAUL, April 29.—In regard to the reported Indian outbreak in North Dakota and the sending of troops from Fort Totten to the scene of the trouble, Major General Merritt said: "There is nothing in it. Some man with a fertile imagination has started the scare. Fort Totten was abandoned before I came here, and no troops could be sent out from there."

## FAIL TO MAKE INCOME TAX RETURNS

Twenty-Five Per Cent of the Heavier Taxpayers Ignore the Law.

WASHINGTON, April 29.—The officials having in charge the income tax matters for some time past have had little to do except to contemplate the rash of work that is expected to begin next Wednesday. On that day collectors of customs have been instructed to send in all income tax returns that have been examined and tabulated, and that on Monday, May 15, all the remaining returns be sent. It is probable that the returns, which will begin to arrive on Wednesday, May 1, will comprise fully three-fourths of the whole, and from that time on for several months the income tax bureau will be crowded with work. The returns, prior to the decision of the supreme court, have not been returned to the collectors to be corrected in conformity with the court's decision, so that less than 500 returns are in the department at the present time. Later information from collectors is to the effect that a large percentage of the heavier taxpayers have failed to make any returns whatever. In some instances the reason for this failure is undoubtedly carelessness, as is shown by the large number of persons who sent in their returns after the time limit had expired, but by far the action of the greater number is believed to have been deliberate. The percentage of this latter class is estimated as high as one-fourth of the whole in some localities, and throughout the entire country a conservative estimate is 25 per cent. The officials are hopeful of a favorable change in the opinion of the supreme court as a result of the rehearing, and are especially so as to the main proposition. In the event that the court sustains the constitutionality of the act as a whole it is said that nearly all of those who have declined to make returns will be anxious to compromise with the government with a view of avoiding the payment of penalties.

## SURVEYING CHICKASAW LANDS.

Six Parties at Work in the Indian Territory.

WASHINGTON, April 29.—Mr. H. C. Fitch of the geological survey, who is the topographer in charge of the work in the Indian territory authorized by the last congress, has just returned from the territory after having organized and placed in the field six surveying parties. The parties left South McAlester on April 13 and proceeded southwest to the base line for the already surveyed lands of the Chickasaw nation and the Choctaw boundary. The cornerstones here were placed 40 odd years ago, and difficulty was experienced in finding it. The party of Mr. Fitch is the only one of the six parties at work in the Indian territory authorized by the last congress, has just returned from the territory after having organized and placed in the field six surveying parties. ## The Millionaire's Eagle Eye.

Another story illustrative of the daily life of a Chicago millionaire may help to explain why some people have more money than others. This millionaire invited a visitor from another city to meet him at a certain hour and accompany him to the stockyards, where he has large interests. The millionaire rode up in a sidecar buggy, somewhat the worse for mud and wear, drawn by a shaggy but active horse. He explained that before starting for the yards he would have to go to one of the large banks down town, as he was on the board which regulated loans, and he had to go on an application for a loan of \$500,000.

## The Chickasaw Nation is the only one of the five tribes whose lands have been surveyed.

Schoolfield Will Review Militia at Memphis. WASHINGTON, April 29.—Lieutenant General Schoolfield has informed Representative Patterson that he will review the militia of the states composing the national guard, which will be assembled in Memphis between the 18th and 20th of May. General Schoolfield will leave on a tour of inspection in the west next month.

## Indian Case Advanced.

WASHINGTON, April 29.—The supreme court today decided to advance the case of the Flournoy Live Stock company vs. Beck, which involves right on Indian reservation lands in Nebraska, to the 21st of October next.

## WHEAT STILL GOES UP.

Prices Advanced Two Cents but Closed With Rest of the Grain Late.

CHICAGO, April 29.—After a decline at the start which went up widely today, gaining to 10 o'clock, the opening was weak; Russian shipments were heavy; northwest receipts were very large and there were good rains in the west. The bearish news started the market, but the offerings were snatched up with eagerness that the early sellers soon began buying back their wheat; shorts were covered vigorously.

Corn and oats went up with wheat. Provisions were lower on heavy hog receipts and a weak live hog market.
